**SCOPE OF WORK REVISION II**  
**White Station High School Auditorium Sound & Stage Lighting Upgrades**

The Scope of Work for the White Station High School Auditorium Sound & Stage Lighting Upgrades shall include and not be limited to the following:

**SOUND SYSTEM:**

**DESIGN – BUILD.**

Demo and replace all existing sound systems and appurtenances, one is to one, with an equivalent and/or better system.

Provide new cabling, connectors, and hardware.

Provide and deliver handheld (3) wireless microphone transmitters.

Front Center of Auditorium – provide and install ~~(4)~~ (2) new 10” 2-way passive loudspeaker, including connectors, cabling and rigging hardware.

Back Section of Auditorium – provide and install (3) 10” 2-way passive loudspeakers, white, including connectors, cabling and rigging hardware.

Provide 2-CH 2500/1700/1000W, 2/4/8 ohms amplifier;

Electrical Works;

Check and utilize all electrical circuits, wiring/cabling and hardware.

Provide (1) floor pocket (location to be identified on site), cables and connectors and all similar appurtenances.

**LIGHTING SYSTEM:**

**DESIGN – BUILD.**

Demo/remove all theatrical light fixtures.

Install new fixtures provided by MSCS. Contractor to install connectors, wiring and hardware.

Controls – eliminate dimmer panel. Provide a stand-alone system based on the show baby multiverse lighting control system. Contractor to provide a multiverse transmitter compatible with the controls provided by MSCS.

New Stage Light Mounting – provide and install 1.5”Ø black iron pipe conduit, including rigging hardware.

Front Lighting – remove all theatrical light fixtures and lamps in catwalk. MSCS has six (6) spotlights.

Contractor to install, wire, connect, and test accordingly.

Back Lighting – remove all theatrical light fixtures. MSCS will provide twelve (12) lighting fixtures. Contractor to install, wire, connect, and test accordingly.

Fluorescent Stage work lights – replace with LED lighting including ballasts and housing.

Electrical works - Licensed Electrical Contactor/Electrician required.

As this is a DESIGN-BUILD, vendor/contractor is to propose an equivalent and/or a better system than that of the existing system.

The awarding of the project will be based on the best design and best priced. The design and bids will be reviewed and vetted by the MSCS Facilities and Construction team.

**Equipment List:**

PAR DMX Lights – 12 units

C Clamps – 18 units

Spotlights – 6 units

Power cables – 14 units

Receivers – 4 units

DMX Cables – 14 units

Safety Cables – 18 units

ETC Connect is the manufacturer for all DMX items and the receiver is a ShowBaby Multiverse.
