### QUESTIONS AND ANSWERS

#### **IFB 01112024MT – Keystone ES Foundation Repair**

1. The question is regarding the removal and replacement of the library shelving units. Is the contractor to bid on this or does MSCS want to remove and replace these shelving units? If the contractor is to bid on this, can a specification be provided in case of damage?

**MSCS will be responsible for removal or replacement of shelving units.**

Thank you,
