1. On Horizontal Boring we charge by foot and the size of pipe we are installing. Would you like an hourly rate and add a sheet on some basic sizes we have installed for MSCS in the past 18 months?

**Yes, please provide us with an hourly billing rate per page # 50 in the RFP packet. Also, please provide us with a pricing sheet for the various pipe sizes that you are proposing to use. You will also provide the material mark-up charge.**
